

Newsletter Corporation du Petit et du Grand Lac des Cèdres

November 2011

A word from the President

Following the survey and the annual meeting, I created a chart of responsibilities allowing each member of the board to build upon individual experience and expertise. This new structure will enable us to focus on communication, membership and water quality of our two lakes. In addition, one of our challenges for 2011-2012 will be to rethink our role in recreational activities. To carry out my mandate, I am supported by a team of dynamic and environmentally conscious individuals.

Pierre Cardinal, President

Message from the municipality

As a municipal representative on the board, I am pleased to announce that our mayor, Ronald Cross, and the members of Council have agreed to renew their financial support for the winter maintenance of the lacs des Cèdres recreational trails until December 2012. This initiative will permit easy access for cross country skiing, snowshoeing and fishing in lakes Heafy and Boutin. I would also like to thank all volunteers who work with the Corporation to protect and preserve the health of our lakes.

Paul Gorley, Councillor

Beaver Action

Over the summer, the level of our lakes rose dramatically, impeding good water circulation. Thank you to Mr. Jean Lapointe and a group of volunteers who removed the beaver dam.

Become a Member

One of our objectives going forward is to have all property owners and their spouses become registered members of the Corporation. The cost per person is only \$10 and, since this is one of our means of raising funds, it is important that everyone participate. This will enable the Board of Directors to finance various initiatives and at the same time allow you to have your say. Please complete the enclosed registration form and return it, along with your payment, in the enclosed self-addressed envelope. Once we have everyone's email address, we will save money on postage, etc. by using the internet.

Have your say

Attend the 2012 Annual General Meeting, July 14th at the Messines community hall. More news in our next newsletter.

A list of the Board of Directors and other relevant documents are available on the Messines website.
